_____

Dear Sir/Madam:

    I am writing my personal resume for your company to apply for a position half time IT support internship . I received your recruitment information through a social network . As you know from my curriculum vitae , I'm studying year 1 at Royal University of Phom Prenh major Information Technology Engineering and E2stem Education Cambodia Higher Diploma Software Developer. I have completed a short course beginner web design. I have been working hard for the project that I used to do and I am good at collaboration in a team also working in an encouragement role in the team.

 According to knowledge and experience , I am completely qualified to internship in your company. Finally, I will be grateful for your kind consideration and I am willing to accept all your terms and conditions in your company. I hope that I could get new experience and environment from your company.

 I am looking forward to hearing from you soon.

Yours sincerely,

No Hannah
